Sustainability Highlights

3% recycled materials

Lining
65% GRS recycled polyester
3% of total materials

Consists of 3% environmentally friendly materials in terms of weight

Sustainability Explanation

Lining Recycled

The lining is the improved Bata Cool Comfort®+ with 65% GRS recycled polyester. The recycled polyester is post-consumer and combined with virgin polyester.

ISO 14021:2016

The material passport includes criteria for self-declared environmental claims, such as statements, symbols, and images, in line with EN ISO 14021:2016.

Leather – LWG Gold rated

By purchasing this product, you are supporting responsible leather manufacturing via the Leather Working Group, which certifies tanneries based on their environmental performance.

GRS

Standard that verifies the presence and amount of recycled material in fabrics and tracks the flow of raw materials from source to finished product.
